GOLDSBORO CHAPTER NEWS

The Goldsboro Chapter has been busy reclaiming and recruiting Dillard High School and Goldsboro High School graduates. We've held Zoom meetings instead of facial contact meetings because of the Pandemic. The chapter had the only contestant, Shirley Kee, for the 2020-21 year and the Fundraising Committee worked extremely hard with dinner sales, raffles, solicitation of donations and yard sales to raise the \$15K for scholarships. BRAVO to Mrs. Kee and the Fundraising Committee.

Happy New Year Dillard/Goldsboro Alumni Friends Inc:

I would like to thank each Executive Board Member and Committee Chair for their motivation and hard work. Members and friends, we appreciate your support and helping us attain our goals.

The previous year was one of growth with many expectations met. There was expansion with the addition of the Charlotte Chapter and the Raleigh Triangle Chapter will soon be joining us. We welcome both Chapters with encouragement and full support.

I am excited about this coming year. We are clearly beginning to gain our sight, so I expect this to be a year of perfect vision. I challenge every member to bring in at least 5 new members. I will continue to seek Donors and sponsorship to fund projects that will impact the lives of young people in our communities.

I look forward to continuing to serve as your leader and working to build a better organization. Remember, all things are possible to them that believe.

CHROMEBOOKS GIVEN TO WAYNE COUNTY STUDENTS

Approximately 50 Wayne County students received new laptops critical to help them keep up with their remote learning assignments. It all started with the Dekevias Atkinson and Douglas Horne, the president and vice president of Dillard/Goldsboro

Alumni and Friends, Triangle Chapter.

Atkinson says they had heard there was a need in the Wayne County community and they went to work. Operation Unite Goldsboro, Southern Bank of Goldsboro, Kramden Institute of Durham, and the DGAF, Inc. Triangle Chapter all teamed together to present the 50 laptops to the students.

Horne says they were brought up with DGAF, Inc, and that spirit of giving back motivated them. The Chromebooks were handed out to the students from 23 different schools in the HV Brown Hall on the campus of Dillard/Goldsboro Alumni.

WASHINGTON, D.C. CHAPTER

Gerrie Sherard, President

When the 2020 pandemic hit the nation, our chapter had to do things in a different way. Chapter monthly meetings were held on Zoom as members were not able to physically move around the city, but they did manage to have several fundraising activities:

1. Fundraising activity No. 1: Sale of DGAFINC keepsake masks.
2. Fundraising activity No. 2 - A drawing for a TV raffle (\$6.00 for 5 tickets).
3. Fundraiser No. 3: An invitation to a Stay-at-Home Tea (donations are accepted).

The chapter mask sale is on-going and orders are still being accepted. There are two options for ordering masks: Mask Option #1: has DGAFINC, Washington, D.C. Chapter; and Mask Option #2: has DGAFINC without chapter name. To place an order, and/or get more information about any of the chapter's fundraising projects, contact LaVerne Lowery, our Fundraising Chairperson at sinamontwst03@gmail.com. The chapter did its best to make the most out of an unusual time during this pandemic, and members were creative in order to carry out these fundraising activities. Chapter members worked very hard to get all of these activities off to a great start and they are to be commended. A sample of each mask design is listed.

The Washington D.C. would like to mention that one of its long standing members, Mr. Eddie Lee Moses turned 104 years of age on January 23, 2021. The chapter would also like to mention that two of its long standing members, Mary Dortch, and Maurice Edwards, Sr., while no longer physically active, they continue to lend financial support towards the scholarship program. There are many, many others in this chapter who continue to lend their support, and we give thanks to all of them.

Greetings from the Triangle Chapter!

Although this has been a charter year full of new challenges, our chapter is excited about the future and commitment to pressing forward under the circumstances. We kicked off the year with our first ever virtual fundraiser, raffling off a \$100 e-gift certificate, with plans to continue using this model until we can safely return to more traditional fundraising methods.

The Triangle Chapter is also proud to report that we've connected our initial group of Wayne County graduates attending colleges in the Raleigh/Durham, Chapel Hill areas. Part of our vision for the chapter is to become a resource for these students, providing emergency financial support when needed, educational and career advice as well as to officially welcome them into the alumni family.

We also partnered with the Goldsboro Chapter and the Three in One Family Center to distribute 1200 boxes of food, providing much needed assistance to 2500 Wayne County residents.

Through the generosity of Kramden Institute of Durham, in partnership with the Southern Bank of Goldsboro and Operation Unite, we were able to provide 50 Wayne County students with Chromebook laptops. These students represented 23 different schools. President DJ Atkinson and Vice-President Doug Horne were on hand to distribute this critical support to assist these students in keeping up with their virtual learning.
